SANCTUARY STUDIO

ABOUT SANCTUARY

Sanctuary Studio is a creative workshop that celebrates all things home and lifestyle. From accessories to homewares, we present an eclectic collection of art-inspired lifestyle products to suit the bold and daring. Working in collaboration with local and international artists, Sanctuary Studio's focus is bold patterns, inspiring prints and plenty of colour represented on products ranging from indoor and outdoor cushions to towels, candles and bags. Life is fun and should always be expressed in colour.

NEON DRIVE

Neon Drive is long sun-lit days, glowing sunsets, juicy sweet cocktails and endless days by the pool. Summon your inner summer maiden with our floaty sarongs, or hit the road with our cool colourful weekender bags. Arouse your senses with the fruity-floral aromas of our stunning new soy candles and let our beach towels be your perfect poolside companion all summer long.
